a. **Repair Philosophy:** The Engineering Support Philosophy shall conform to the repair philosophy as follows:

i. Unit level repairs - These are repairs carried out within the unit holding this equipment with tools generally held within the unit or supplied by the manufacturer with each equipment or as per scaling of 1:10 or any other scaling recommended by the manufacturer as per population held in the unit. These pertain to cleaning, lubrications, minor repairs and replacement of components and minor assemblies that can be carried out in field without any sophisticated tools or test equipment. For carrying out such repairs, the manufacturer is required to provide the following:-

a. Table of Tools and Equipment (TOTE) with each equipment including operators manual.

b. Scaling of special tools and spares as mentioned above including Maintenance manual.

b. **Manufacturers Recommended List of Spares (MRLS) :** Based on the explanation given above, Bidders are requested to provide MRLS to sustain the equipment for a period of ---- years for various levels of repair as per format given at Form OFBPM-19 (Available in MoD website and can be given on request). Bidders will be required to provide these both with Technical and Commercial proposals. (In case where the equipment has been in usage the spares would be sought by Buyer, on the recommended list to be furnished by the maintenance agency, based on the exploitation of the equipment, and NOT as per MRLS). While with the commercial proposal, the actual costs of each component/spare will be provided, in the case of Technical Proposal these will be reflected as Low Cost/Medium Cost/High Cost. A guideline for this purpose is as under:-

i. Low Cost. Less than 2 % of the unit cost of the equipment/sub system.

ii. Medium Cost. 2 to 10% of the unit cost of the equipment/sub system.

iii. High Cost. Greater than 10 % of the unit cost of equipment/subsystem.

If the complete equipment comprises a number of different sub systems, for e.g. it is coming mounted on a vehicle or is provided with a stand for mounting or is inclusive of a generator or an air conditioner or has a sight, the MRLS must be provided separately for each such sub system.

c. **Special Maintenance Tools and Test Equipment :** This is to be formulated in a similar manner as explained for MRLS. A suggested format is given at Form OFBPM-34 (Available in OFB website and can be given on request)

and is to be included in both Technical and Commercial Proposals. The cost column may be left blank in the Technical Proposal.

d. **Technical Literature** : The details of technical literature to be supplied with the system should be listed as per the suggested format at Form OFBPM-35 (Available in OFB website and can be given on request). This should be provided with both Technical and Commercial Proposals. The cost column may be left blank in the Technical Proposal.

e. **Miscellaneous Aspects (Applicable only when trials are required)** : In cases where the equipment is required to undergo trials, the equipment will also be put through Maintenance Evaluation Test. Based on this evaluation and in consultation with the supplier, the MRLS may be refined. During user trials it may be brought out that the equipment is acceptable subject to carrying out certain modifications / improvements.

f. **Maintainability Evaluation Trials (MET)** : This is carried with a view to facilitate provisioning of effective engineering support during life cycle of the equipment. This would involve stripping of the equipment and carrying out recommended tests and adjustments and establishing adequacy of maintenance tools, test equipment and technical literature. MET details will be given as per format given at Form OFBPM-36 (Available in OFB website and can be given on request). To facilitate this process the Bidder is required to provide the following :-

a. Only those Bids will be evaluated which are found to be fulfilling all the eligibility and qualifying requirements of the RFP, both technically and commercially.

b. In respect of Two-Bid system, the technical Bids forwarded by the Bidders will be evaluated by the Buyer with reference to the technical characteristics of the equipment as mentioned in the RFP. The compliance of Technical Bids would be determined on the basis of the parameters specified in the RFP. The Price Bids of only those Bidders will be opened whose Technical Bids would clear the technical evaluation.

c. The Lowest Bid will be decided upon the lowest price quoted by the particular Bidder as per the Price Format given at Para 2 below. The consideration of taxes and duties in evaluation process will be as follows:

i. In cases where only Indian Bidders are competing, L-1 bidder will be determined by basic cost of items ,freight, insurance, other requirements excluding levies, taxes and duties levied by Central/State/Local governments such as excise duty, VAT, Service tax, Octroi/entry tax, etc on final product, as quoted by bidders.

ii. In cases where both foreign and indigenous Bidders are competing, following criteria would be followed –

1. In case of foreign Bidders, the basic cost (CIF) quoted by them would be the basis for the purpose of comparison of various tenders.

2. In case of indigenous Bidders, excise duty on fully formed equipment would be offloaded.

3. Sales tax and other local levies, i.e. octroi, entry tax etc would be ignored in case of indigenous Bidders.

e. In import cases, all the foreign quotes will be brought to a common denomination in Indian Rupees by adopting the exchange rate as BC Selling rate of the State Bank of India on the date of the opening of Price Bids.

f. If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price will prevail and the total price will be corrected. If there is a discrepancy between words and figures, the amount in words will prevail for calculation of price.

g. The Buyer reserves the right to evaluate the offers received by using Discounted Cash Flow method at a discounting rate of ____%. In case cash flow involves more than one currency, the same will be brought to a common denomination in Indian Rupees by adopting exchange rate as BC Selling rate of the State Bank of India on the date of the opening of Price Bids.

h. The Lowest Acceptable Bid will be considered further for placement of contract / Supply Order after complete clarification and price negotiations as decided by the Buyer. The Buyer will have the right to award contracts to different Bidders for being lowest in particular items. The Buyer also reserves the right to do Apportionment of Quantity, if it is convinced that Lowest Bidder is not in a position to supply full quantity in stipulated time.

PART VII- Conditions for Cartel Formation

In order to overcome/ avoid cartel formation made by the suppliers of input materials, the following clauses will be incorporated in all types of tender Enquiry as standard condition:

i. All the firms should desist from forming cartel as the practice is prohibited under Section 3(3)(a) & (d) of the Competition Act 2002.

ii. Firms are expected to quote for full quantity or part thereof but not less than 50% of tendered quantity. Offers for quantity less than 50% of tendered quantity will be considered unresponsive and liable to be rejected if CARTEL Formation is suspected. The management reserves the right to order any quantity on one or more firms.

iii. Wherever all or most of the approved firms quote equal rates in CARTEL, the purchaser reserves the right to place order on any one or more firms with exclusion of the rest. The selection of firms for placement of order would be based on a pre-determined ranking of the firms decided through vendor rating as per the SOP for capacity verification (under 'PARA 24')

iv. In case of source development tender (where past – performance-based vendor rating is not available), the marks scored by the firm in Appendix II of QCS Letter No. 108/TIR/TS/QCS dated 13.09.2005 during capacity verification by the team of officers shall be the basis of Ranking.

v. The purchaser reserves the right to place order on two or three firms: in such cases tender quantity will be distributed between Rank 1(R1) and rank 2(R2) firms in the ratio 60:40 or among R1, R2 and Rank 3(R3) firms in the ratios 50:30:20 respectively.

vi. The purchaser also reserves the right to delete the established firms who quote in CARTEL from list of approved sources or to debar them from competing for a period to be decided by the purchaser.

vii. The name of the newly established firm which enters into CARTEL formation immediately on getting registered will be summarily deleted from the list of approved suppliers.

viii. An undertaking from the new firms that they will not be part of a cartel with other vendors and will quote competitive rates in the tenders; otherwise would face expulsion from the list of vendors will be taken while approving the new firms for participation against source development tender.

2.0 Wherever Ordnance factories would like to distribute the quantity under procurement to more than one vendor for strategic reasons to have better supply prospect, a decision will be taken in advance whether order would be placed on two or three firms. Accordingly one of the following two clauses would be incorporated in the tender Enquiry.

~~a) Orders will be placed on two firms viz. L1 and L2 firms in the ratio of 60% quantity on L1 and 40% on L2 after acceptance of L1 price by the L2 firm. In case of cartel formation, the distribution may similar but rankings r1 and r2 (in place of L1 and L2) will be decided as per vendor rating indices of the firms.~~
